If you get lost, drive into Prairie Creek State Campground and ask a state ranger for directions to Wolf Creek Education Center.

What to expect when you arrive. When you arrive at camp, please park in the gravel parking lot. There will be a member of staff there to direct you. Leave your bags in the car and proceed to the main lodge to register. At registration, your daughter will be assigned a Patrol and Cabin. You will have an opportunity to let us know of any special needs your daughter may have.

After registration and cabin assignment, your daughter can pick up her bags from the car and head to her cabin.

Medications - If your daughter requires prescription or over the counter medication, please give the medications to the camp health supervisor at registration. Medications must be in their original container along with signed written instructions regarding timing and dosage. We will return any unused medication when you pick up your camper. If the nature of the medication (for example Inhaler) is such that it needs to be carried by your daughter, and she has been trained in its use, please discuss this with the health supervisor.

Emergency Contact Information – Camp Tall Trees does not have cell phone service. If you need to contact us in an emergency, please contact the Eureka GS Office 707-443-6641. If the office is closed please contact Melissa Koval 707-826-5476(home), 707-840-9438(work), or 707-845-0420(cell). The office or Melissa will relay the messages to us and we will get back to you as soon as possible.

Behavior – On the first day of camp, Counselors and girls will discuss behavior standards and agree on some group norms. Please discuss the following issues with your daughter prior to camp.

Camp Tall Trees will use a “three strikes and you’re out” policy for girls that refuse to follow behavior standards or repeatedly break the agreed group norms.

1st Incident	Girls are given a verbal warning
2nd Incident	Girls are given a second verbal warning
3rd Incident	Girls will be asked to leave the activity and will be escorted by an adult to the camp director or assistant director where the girl(s) will discuss the incident and its consequences.

Grievous or Criminal Behavior: Repeated refusals to follow behavior standards or behavior that endangers the safety of others or involves the malicious destruction of wildlife, camp facilities or property, fellow Girl Scout’s property, and/or bodily injury may result in the immediate dismissal from camp. If your daughter is dismissed from camp, you will be expected to pick her up as soon as possible

Emergencies - In the event of an emergency, serious injury or sicknesses we will make every effort to contact you as soon as possible and seek your advice and consent for treatment of your daughter. If we are unable to reach you, or the situation is urgent or life threatening, we may make necessary decisions and consent to your daughter's treatment as required by the situation, until we can contact you.

Homesickness - If a girl experiences home sickness, calls to home will frequently increase her feeling of separation. Accordingly, a girl who experiences homesickness will not generally be allowed to call home. If the homesickness is a serious problem, the camp director or designee will call you to discuss the situation and solicit your advice.

Money – There will be no opportunities to spend money. Please do not send cash with your daughter.

Electronics – Do not send iPods, Cell Phones, Gameboys or other electronics. There is no Wi-Fi or cell reception at camp. Staff will confiscate any electronics and return them at the end of camp.

Sun Block - Please send your daughter with a good sun block. Prior to the trip, please instruct her in the use and application of sun block.

Insect Repellant - We will use insect repellant that contains Deet. If you prefer to use a different type of insect repellant, please let us know and send it with your daughter.

Food Allergies - If your daughter has any food allergies or special dietary needs, please confirm the details and discuss with the camp health supervisor and cook at the time you check in.

Phone & Mail – Camp Tall Trees has no cell phone service and is served by a single phone line. This phone line must be kept available for any emergency communications. Accordingly, you will not be able to call your daughter or receive calls from her during camp (see above for how to contact us in an emergency). If you wish your daughter to receive mail during camp, you may leave it with us at the time of check in with a note indicating the day you wish it delivered.

Visits – The camp will not be open for parental visits. The main gate will be locked during camp. Visits disrupt scheduled activities. Not all parents would be able to visit and this can be very hard for those girls who are not visited.

Closing Ceremony – We plan to hold a closing ceremony so please try to arrive on time so you can be a part of the camp's conclusion. Then have your daughter take you on a tour of Camp Tall Trees and share some of her experiences with you.

Stinky Stuff - The odor of toiletries can attract animals if they are stored in cabins. All "stinky stuff" like toothpaste, deodorant, and sunscreen needs to be stored in the bathroom block. Girls must pack toiletries separately in a labeled plastic Ziploc bag. After cabin assignment, you must drop off your "stinky stuff" at the bathrooms, before taking your bags to the cabin.
