

Marine Day 2024

Sunday, April 7th

Cal Poly Marine Lab, Trinidad, CA

Cost: \$7 per girl

Brownies and Juniors (9:45 am check-in)

Program for Oceanography: 10 am- 12:45 pm

Cadettes, Seniors, & Ambassadors (1:30 pm check-in)

Program for Oceanography Badge: 1:45 pm -5:30 pm

The Oceanography Club is again providing a fun and enriching morning of activities to introduce Brownies and Juniors to ocean life. Girls will discover the properties of saltwater, experience tide pool animals, learn about kelp forests, endangered sea creatures, scuba diving, and more.

Older girls will explore environmental issues related to our oceans, the impact of saltwater on sea life, waves and ocean energy, and conduct *college level* experiments with Cal Poly students.

Scouts participating at the event will receive an age level appropriate badge for Oceanography.

The activities and the earned award are different from last year. This award should go on the front of uniforms. Troops maybe given additional activities to complete separately after the event depending on the troop age level. (Alert Registrar of any allergies to Seaweed please!)

Space is limited to 48 for each session. RSVP early.

Marine Day Troop Registration

Troop # _____ Age Level: _____ # girls attending _____

Adults Attending _____ Total Cost: _____

Circle: Troop pays—Parent Pay at event

At Check-in, leaders will need to provide a full roster of participants, pay, and confirm that they have emergency contact information and health histories.

RSVPs must be made by Monday, April 1st. Space is limited to 50 per session.

Troop adult must remain and carry troop health histories and be at ratio. RSVP to Cheryl Kingham (839-3714) (clkingham@suddenlink.net). **Please also report any cancellations because we will have a waiting list for this popular event. Event badge is included in cost.** Older girls earn the legacy IP Oceanography Badge which will be custom ordered.
