If you get lost, drive into Prairie Creek State Campground, and ask a state ranger for directions to Wolf Creek Education Center.

What to expect when you arrive. When you arrive at camp, please park in the gravel parking lot. There will be a member of staff there to direct you. Leave your campers’ bags in the car and walk to the main lodge to register. You will have an opportunity to let us know of any special needs your camper may have.

After registration, your camper will be assigned to a patrol and cabin. You can then return to the car with your camper, and they can pick up their bags from the car and head to their cabin.

Medications - If your camper requires prescription or over-the-counter medication, please give the medications to the camp health supervisor at registration. Medications must be in their original container along with signed written instructions regarding timing and dosage. We will return any unused medication when you pick up your camper. If the nature of the medication (for example Inhaler) is such that it needs to be carried by your CAMPER, and she has been trained in its use, please discuss this with the health supervisor.

Emergency Contact Information – Camp Tall Trees does not have cell phone service. If you need to contact us in an emergency, Tracy Boyum 707-840-0218(h) or 707-498-3859(m). Tracy will relay the messages to us and we will get back to you as soon as possible.

Behavior – On the first day of camp, Counselors and campers will discuss behavior standards and agree on group norms. Camp Tall Trees will use a “three strikes and you’re out” policy for campers that refuse to follow behavior standards or repeatedly break the agreed group norms.

1st Incident	Campers are given a verbal warning.
2nd Incident	Campers are given a second verbal warning.
3rd Incident	Campers will be asked to leave the activity and will be escorted by an adult to the camp director or assistant director where the camper(s) will discuss the incident and its consequences.

Grievous or Criminal Behavior: Repeated refusals to follow behavior standards or behavior that endangers the safety of others or involves the malicious destruction of wildlife, camp facilities or property, fellow Girl Scout’s property, and/or bodily injury may result in the immediate dismissal from camp. If your camper is dismissed from camp, you will be expected to pick her up as soon as possible.

Emergencies - In the event of an emergency, serious injury or sicknesses we will make every effort to contact you as soon as possible and seek your advice and consent for treatment of your camper. If we are unable to reach you, or the situation is urgent or life threatening, we will take all necessary decisions and consent to your camper's treatment as required by the situation, until we can contact you.

Homesickness - If a camper experiences home sickness, calls to home will frequently increase their feeling of separation. Accordingly, a camper who experiences homesickness will not generally be allowed to call home. If homesickness is a serious problem, the camp director or designee will call you to discuss the situation and solicit your advice.

Money – There will be no opportunities to spend money. Please do not send cash with your camper.

Electronics – Do not send Cell Phones or other electronics. There is no Wi-Fi or cell reception at camp. Staff will confiscate any electronics and return them at the end of camp.

Sun Block - Please send your camper with a good sun block. Prior to the trip, please instruct them in the use and application of sun block.

Insect Repellant - If we encounter insect problems, we will use insect repellant that contains Deet. If you prefer to use a different type of insect repellant, please let us know and send it with your camper.

Food Allergies and Dietary needs – If your camper has any food allergies or special dietary needs, please confirm the details and discuss them with the camp kitchen at the time you check in.

Phone & Mail – Camp Tall Trees has no cell phone service and is served by a single phone line. This phone line must be kept available for any emergency communications. Accordingly, you will not be able to call your camper or receive calls from them during camp (see above for how to contact us in an emergency). If you wish your camper to receive mail during camp, you may leave it with us at the time of check in with a note indicating the day you wish it delivered.

Visits – The camp will not be open for parental visits. The main gate will be locked during camp. Visits disrupt scheduled activities and not all parents are able to visit, and this can be very hard for those campers who are not visited.

Closing Ceremony – We plan a closing ceremony and hope that you arrive on time to be part of the camp's conclusion and then you can have your camper take you on a tour of Camp Tall Trees and share some of their experiences with you.

Stinky Stuff - The odor of toiletries can attract animals if they are stored in cabins. All "stinky stuff" like toothpaste, deodorant, and sunscreen needs to be stored in the bathroom block. Campers must pack toiletries separately in a labeled plastic Ziploc bag. After cabin assignment, you must drop off your "stinky stuff" at the bathrooms, before taking your bags to the cabin.
